Finishing:

Using larger needle, BO loosely on RS, *[P2tog, slip resulting st back to left needle purlwise with yarn in front]; repeat from * to end, cut yarn and pull through final st.

Weave in ends (but trim them after blocking).

Soak in water for at least 15 minutes.

Rinse and roll tightly in a towel to blot out water.

Lay flat and, working from the center of the shawl out to the pointed tips, smooth into a shape similar to that shown in the Schematic Diagram.

Take care to shape the top edge into a straight line and to pull the bottom edge down to form the crescent shape, pinning the edges in place as you go.

Remove the pins when the shawl is thoroughly dry.

Trim the yarn ends.
